Welcome to Creative Plants

Transforming Your Outdoor Space

At Creative Plants, we combine passion, expertise, and creativity to bring your garden vision to life—from vibrant, colorful

landscapes to sleek, modern landscapes. Our services include consultation, tree care, plant sourcing, design layout, delivery, and professional installation.

A man and a woman are standing in a nursery or garden center. The man, on the right, has dark curly hair and a beard, and is wearing a light blue t-shirt and blue overalls with brown straps. He is looking down at a plant. The woman, on the left, has dark hair in a ponytail and is wearing a yellow top. She is also looking down. They are surrounded by various potted plants, including some with large pink and purple flowers in the foreground. The background shows more plants and a white structure, possibly a greenhouse or a building.

1. Consultation

We start with a personal consultation to discover exactly what you want from your garden. From your favourite colours and preferred plant varieties to the latest gardening trends, we help you shape your vision into a clear plan.

2. Tree & Plant Sourcing

Our network of trusted growers ensures we can source a wide range of trees and plants—handpicked for quality, health, and suitability to your space and climate.

3. Design Layout

Using your garden's dimensions, we plan your plant layout to scale. Here at our garden centre, we arrange the plants according to your measurements, adapting to stock availability so you can see your design come to life before it's planted.

4. Delivery of Plants & Trees

Once everything is ready, we deliver your chosen trees and plants directly to your home or project site, ensuring they arrive in excellent condition and on schedule.

A close-up photograph of a person's hand reaching into dark, rich soil. The hand is positioned as if about to plant or tend to something. In the background, a green plant is visible, and the overall scene suggests a gardening or landscaping activity.

5. Installation Service

To complete your garden transformation, we offer a professional installation service. Our skilled team will plant everything to the agreed design, ensuring proper placement and optimal growing conditions.
